

The IRS would like to share a streamlined application process for CPA's or BA/BS graduates with certain accounting classes (see first attachment) that want to work as Internal Revenue Agents for the IRS in the San Marcos office.

In San Marcos we are looking to hire **12** full-time Internal Revenue Agents to interview April 11th (see second attachment), graduate by and start June 22, 2009.

Instead of applying and being tested for Internal Revenue Agent Announcement # 09PH3-SBE0254-512-5T11 on www.USAJOBS.gov, applicants can fax a completed application, transcripts and resume with a courtesy copy to Neki Jones at Neki.M.Jones@irs.gov. Then call Connie Blanford (760-736-7372) for an interview in San Marcos. It's simpler and certainly much faster.

We will also probably be doing the same for the Internal Revenue Agent announcements for our Laguna Niguel, Santa Ana, and maybe Long Beach offices. I will keep you posted.

If you have any questions regarding the above process, please give Neki Jones a call at 949-389-4902.
