SBA Webinar Provides Tips on Testing Your Business Recovery Plan

WASHINGTON – Once you’ve developed a business continuity plan, it’s a good idea to make sure it works. A successful dry run will reassure your management team, employees and customers that no matter what disaster occurs, you’ll be back in business quickly.

The U.S. Small Business Administration has partnered with Agility Recovery Solutions to offer disaster preparedness strategies for small business owners via their “PrepareMyBusiness” website (www.preparemybusiness.org).

On Tuesday, July 27 Agility’s Testing Manager Adam Quilty will discuss the basics of *Testing Your Recovery Plan*. Key points discussed during the live, interactive webinar include improving recovery efficiency, minimizing downtime and protecting your business’ bottom line.

WHO: Adam Quilty, Testing Manager, Agility Recovery Solutions

WHAT: During the Webinar, Testing Manager Quilty will present best practices on *Testing Your Recovery Plan*. The presentation will be followed by a question and answer session.

WHEN: 2:00—3:00 p.m. EDT

HOW: Register in Advance for *Testing Your Recovery Plan* by visiting Agility’s “Prepare My Business” website at www.preparemybusiness.org/education.
